# Seduction of the Written Word

The launch of the new collection by

Lala Heine-Koehn

Of the many passions to which a poet's heart responds, most powerful of all, perhaps, is **Seduction of the Written Word**. In this memorable new collection by **Lala Heine-Koehn**, arguably her finest yet, evocative poems of love and silence suggest the subtle nuance of attraction and the complexity of romance.

With guests

Elizabeth Rhett Woods

Anne Swannell
